## STATEMENT OF PURPOSE

*Program Applied: MBA HCM(FT)*

---

Dear Admissions Team,

I am thrilled at the prospect of pursuing an MBA program in Healthcare Management, as it presents an exceptional opportunity to merge my passion for data science with the dynamic landscape of healthcare. Having acquired a diverse skill set in data analytics and business strategy through my academic journey and professional experiences, I am eager to channel these capabilities towards driving impactful changes in the healthcare sector.

Throughout my academic journey at Maharaja Surajmal Institute, Janakpuri, I maintained a strong academic record and actively participated in college societies, such as Melius and Advertere. As Co-Head of the Research & Analytics Department at Melius, I led a team of over 70 students, organizing successful events like "Case Clash" with 500+ participants. Similarly, my role as Deputy Head of the Graphic Design Department at Advertere honed my creativity and leadership skills, enabling me to spearhead initiatives like "Market Games 2023" and contribute 15+ unique designs. These experiences not only enriched my collegiate journey but also instilled in me invaluable teamwork, leadership, and organizational abilities that I have since applied and further developed in my professional roles.

My aim in joining this program is to leverage my proficiency in data science to address the pressing challenges and opportunities within the healthcare industry. With a solid foundation in data analytics and a keen understanding of business operations gained through internships and projects, I am equipped to navigate the complexities of healthcare management effectively. By harnessing the power of data-driven insights, I aspire to contribute to the optimization of healthcare delivery, resource allocation, and patient outcomes.

In conclusion, I am eager to embark on this transformative journey in Healthcare Management, driven by a commitment to leveraging my acquired skills in data science to make a meaningful impact in the healthcare sector. I am confident that the rigorous curriculum, esteemed faculty, and collaborative environment offered by this program will provide me with the necessary tools and insights to excel in this challenging yet rewarding field.

I am sincerely grateful to the admissions team for considering my application and recognizing me as a viable candidate. Your thoughtful consideration of my qualifications and experiences is deeply appreciated.

Yours sincerely,  
Sagar Vohra
